

Remarks

The Examiner stated that this application contains sequence disclosures that are encompassed by the definitions for nucleotide and/or amino acid sequences set forth in 37 C.F.R. §§ 1.821 (a)(1) and (a)(2). The Examiner stated that however, this application does not comply with the requirements of 37 C.F.R. §§ 1.821-1.825. The Examiner stated that the computer readable form that has been filed with this application has been found to be damaged and/or unreadable as indicated on the attached CRF Diskette Problem Report. Therefore, the Examiner stated that applicants must provide a substitute computer readable form (CRF) copy of the "Sequence Listing". Applicants note that a CRF Diskette Problem Report was not provided to applicants.

In response, applicants without conceding the correctness of the Examiner's position but to expedite prosecution of the subject application hereby enclose a **substitute computer diskette** containing the Sequence Listing in computer readable form. In addition, applicants attach hereto as **Exhibit 2** a paper copy of the substitute computer readable form of the Sequence Listing. Applicants also attach hereto as **Exhibit 3** a Statement in Compliance with 37 C.F.R. §1.821(f) certifying that the substitute computer readable form contains the same information as the paper copy of the Sequence Listing attached as Exhibit 2. The Sequence Listing does not contain any new matter.

If a telephone interview would be of assistance in advancing prosecution of the subject application, applicants' undersigned attorney invites the Examiner to telephone her at the number provided below.

No fee is deemed necessary in connection with the filing of this Amendment. However, if any fee is required, authorization is hereby given to charge the large entity amount of such fee to Deposit Account No. 13-2755 referencing attorney docket number 21506YP.

Respectfully submitted,
